

What we are doing?

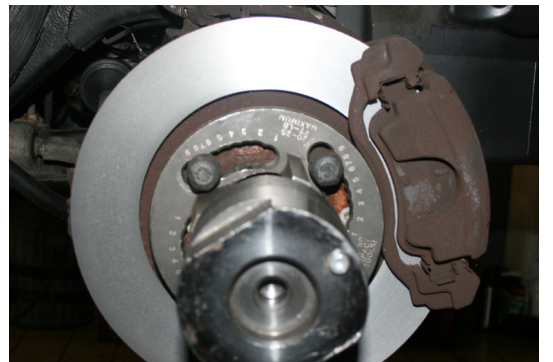

- REMOVING RUST, WARPING AND OTHER ABNORMALITIES FROM YOUR BRAKE DISCS.
- GETTING RID OF ANY PEDAL PULSATION OR VIBRATIONS.
- GIVING YOU FACTORY NEW BRAKING PERFORMANCE FOR A GREAT PRICE.

Why are we doing it?

- REFACING DISCS PROVIDES 100% BRAKING EFFICIENCY.
- THERE IS NO BEDDING IN PERIOD TO "DRIVE CAREFULLY" THROUGH.

A refaced disc has the braking performance of a brand new disc but at a lower price.

By removing all the abnormalities of the disc we are making your car 100% safe from the moment you leave our workshop.
